

# DINE SAFE AND HEALTHY!

COVID-19 is a respiratory illness that can spread from person to person. Please help us prevent the spread by practicing the following public health measures. If you are sick, please stay home.

## WEAR A FACE COVERING

Everyone 2 years of age and older should wear a homemade face covering (cloth mask, bandana, or scarf) to **cover your mouth and nose**. Wash with warm water and soap after each use.

## PRACTICE SOCIAL DISTANCING

Try to stay at least **6 feet away** from other customers and workers, even when wearing a cloth face covering.

**6 FEET OF SPACE**

## WASH YOUR HANDS

Handwashing is one of the best ways to prevent the spread. Wash your hands **before, during, and after visiting a restaurant** with soap and water for at least 20 seconds.
